Deny Firmansyah

Junior Web Developer · JavaScript & Node.js

Self-driven developer who learns by shipping real apps. I build full-stack web tools (UI, server, database, login) and turn messy data into dashboards people can actually read. Four years in customer-facing roles taught me to listen to users and explain technical things simply. Looking for a junior web developer role or freelance projects.

PROJECTS

StokKu — Inventory App for Small Businesses — Node.js · SQLite

- Accounts, per-user data isolation, stock in/out, movement history, and low-stock alerts.
- Designed a 4-table database with transactions so stock and history never drift apart; hashed passwords (scrypt).

KomoditasID — Food Price Dashboard — Node.js · Express · Canvas

- Pulls prices from Bank Indonesia's PIHPS service on a schedule, with automatic fallback data if the source fails.
- Trend charts, search, filters, favorites, and a custom SVG icon set for every commodity.

Expense Tracker & Weather App — JavaScript · Chart.js · REST API

- Expense tracker with trend and category charts; weather app with city search powered by a public API.

EXPERIENCE

Sales & Marketing — Jul 2025 – Feb 2026
PT. Nagamas Sukses Selalu

- Pitched products to customers, built relationships, and relayed customer needs clearly.

Room Attendant & Laundry — Oct 2021 – Mar 2025
Royal Tarakan Hotel

- Nearly 3.5 years of consistent, detail-focused work while studying informatics. Received an HR recommendation letter for discipline and loyalty.

Sales Associate — May 2021 – Oct 2021
Nusantara FDI Photo Studio

- Served customers and recorded daily transactions.

CERTIFICATION

BNSP Competency Certificate — Housekeeping (Room Attendant), 2024
